

VIRTUES SONG

(Song to the tune of Old Time Rock & Roll)

Responsibility is up to me

Showing respect is important to see

Today's kids really need to have a goal

Must have those core virtues in my soul

Telling the truth is called **honesty**

Giving to others makes me happy

Today's kids really need to have a goal

Must have those core virtues in my soul

Being a good citizen is my goal

I'll show them everywhere I go

Must have those core virtues in my soul

We better show some **compassion**

There will be times when we will need it too

Today's kids really need to have a goal

Must have those core virtues in my soul

Self discipline will make me stronger

And **perseverance** will help me get through

Today's kids really need to have a goal

Must have those core virtues in my soul

Being a good citizen is my goal

I'll show them everywhere I go

Must have those core virtues in my soul
